

Pheromones Sales Tool

Today's super sales people take advantage of every marketing tool available. The extra tools could make the difference between an average income as well as a great above average income. A stressed economy makes those tools much more important. Good marketers use each and every tool available to them. The majority of salespeople utilize all the essential tools; personal contact, email make contact with, fax, mail, etc. However, there is one method that will intensify marketing efforts. It is innocuous but very effective and also can provide an individual an **unfair advantage**.

- This invisible tool can make an individual stand out from some other sales people as well as help close the sale.
- Recently a salesman making a cold call left his business card with a potential client.
- That client had received countless other enterprise cards.
- Some thing sparked that client to get hold of that one salesperson out of all the salespeople who had visited him.

What Created Which Salesperson Stand Out from All of Those Other Salespeople?

That salesperson applied a secret ingredient on the business card in order that this individual would be remembered and sought out. That card created a gun on the client's mind that made that salesperson stand out from his competition.

- Another situation a restaurant has been looking to make up business losses due to a new state law prohibiting smoking in public places.
- Their business had dropped about 30 percent because of the ban.
- Patrons did not want to sit down in the area formally reserved for smokers.
- This is unprofitable loss of revenue from space not being used by diners.

- Again the bistro used a secret element in the former smoking cigarettes area and also patrons reacted through dining in the former no smoking area.
- For this day returning consumers ask the first sort smoking section.
- The waitresses are usually happier because they now get higher tips.
- Interestingly, the restaurant skilled more business than it had before the no smoking ban.
- The key ingredients were high quality **pheromones**.
- Most pheromones today are composed of both Alpha-Androstenol (female pheromone) or Alpha-Androstenone (male pheromone).
- Generally, manufacturers offer a product with one pheromone.
- In order to make matters worse, the quality of the pheromones offered by some manufacturers may be of poor quality.
- Some manufacturers make use of lower quality pheromones from monkeys or pigs.
- However this pheromone good quality product was more powerful because it contained both pheromones.
- Pheromones are often used to attract the opposite sex.
- However a little known benefit is that they can also appeal to attention as well as improve believability.
- The actual sales final results will prove it with increased sales!

The Maker of Pheromones Told Another Restaurant Owner about Their Product

That owner called the pheromones snake oil, B.S., and refused to be able to believe that they could help improve business. When the no cigarette smoking law came into effect the owner experienced a profound decrease running a business. Desperate to try pheromones to enhance business she went back to the pheromone manufacturer to purchase product. Producer refused to sell her pheromones because he felt he had been insulted. In desperation she went to a friend to be able to buy the pheromones, who in turn sold it to her at a premium price. Ultimately the pheromones helped her business.

Retrospect we can conclude that pheromones not only have the ability to attract the opposite sex, but they also have the electricity to attract and increase enterprise. Pheromones are the new super sales tool!
